

The Countertop with a Conscience™

Thank you for choosing PaperStone®

We hope you will enjoy the warmth and beauty of earth-friendly PaperStone® for years to come.

Before cutting your PaperStone® panels!

MAKE SURE YOU HAVE RECEIVED THE CORRECT COLOR AND THAT YOUR PANEL MATCHES ANY PREVIOUSLY INSTALLED MATERIAL.

Your new panel is raw PaperStone® with no finish applied. To better compare the appearance of this panel to previously installed panels or samples of the same color, choose a small test area on the new panel and apply the same finishing steps used on any original panels or samples.

Our goal is to color match each PaperStone® production lot. However, since PaperStone® is a natural product and its appearance reflects variations in the natural source materials used to manufacture it, we cannot guarantee the color of the material you receive will precisely match samples or previous production lots.

**PLEASE CHECK CAREFULLY BEFORE CUTTING.
PANELS THAT HAVE BEEN CUT CANNOT BE RETURNED.**
